Ms. Marlene H. Dortch  
Secretary, Federal Communications Commission  
445 12th Street, S.W.  
Washington, DC 20554

Re: Ex parte communication, WT Docket # 03-202

Dear Ms. Dortch:

Pursuant to section 1.1206(b) of the Commission's rules, this letter, filed electronically, will serve as notification of oral ex parte presentations in the referenced proceeding to Sam Feder, legal advisor to Commissioner Martin; Jennifer Manner, senior counsel to Commissioner Abernathy; and Sheryl Wilkerson, legal advisor to Chairman Powell. The presentations took place on June 30 and July 1, 2004 and were based on the written presentation "Rural Wireless-Boomer Cells" previously placed in the record of this proceeding on March 5, 2004. Participants in the meeting were Michael Lynch, Senior Manager, Spectrum Policy and the undersigned on behalf of Nortel Networks. In addition to the information contained in the written presentation, Nortel Networks proposed that the Commission increase the 800 MHz EIRP to 1.4 KW (61.5 dBm). However, the actual power required may be less depending on the area to be serviced by the cell.

If you have any questions, please call me.

Sincerely yours,

/S/

Raymond L. Strassburger
